

As a part of our **#LABOROFLOVE SUNDAY**, we want to encourage you to share how you as an individual or as a part of a group were a blessing to others through posting and sharing images on social media. When posting your image, please use hashtags **#LaborOfLove** and **#KeithUMC**. Using a hashtag places your image in a category. When someone taps the **#LaborOfLove** and/or **#KeithUMC** hashtags, he or she is able to view all images related to that hashtag/category.

Social media is an excellent way to quickly **SHARE GOOD NEWS** with a large number of people. However, as with all forms of communication, users should be respectful of others. Please be mindful of the following guidelines when taking or selecting an image to share.

**RESPECT PRIVACY.** We all know that posting photos from church events is a great way to get likes and comments from members and even potential visitors. However, some people might not want photos of themselves or their children online. **ALWAYS ASK PERMISSION** before taking and/or sharing a photo on a social media site.

**BE SENSITIVE TO AND RESPECTFUL** of the cultures and life situations of those whom you are serving. It is easy to focus so much on proving a particular point that we cause unintended harm. Before sharing an image, ask yourself, "What is the intention of this post?" If the image or text could be interpreted as harmful, rude or distasteful, do not post and share.

**IF YOU HAVE QUESTIONS**, or are curious about whether or not your post abides by these guidelines, do not hesitate to ask our pastors or a church staff member.

**SOCIAL MEDIA** is an awesome way for Keith Church to minister to those
